## Numbers, numbers, and more numbers!

*From Eric Bosch, Bellows Editor*

I am a little behind on reporting the results of the first clinics of the year so this issue is primarily dedicated to reporting those results. We have the results from Clinics 1 and 2 as well as the results of the Bronze Box competition (hint, hint – the HCC did well!).

Word on the street is that the new limit of 100 images per clinic is working well. Everyone that submitted an image is getting an opportunity to receive individual feedback about their work.

Remember to categorize your assignment images with 1s and 2s when ranking them for clinic submission. This

will ensure that they are not excluded should the 100 image limit be met or exceeded.

Finally a reminder that the annual 3 Club Photographic Exhibit is taking place on Saturday, February 9, 2008. The event begins at 7pm at the Burlington Art Centre. This annual exhibit features electronic and printed works by members of Hamilton Camera Club, Trillium Photographic Club, and Latow Photographic Guild. Tickets are available in advance for \$15.00 or at the door for \$20.00. For tickets and information contact Paul Dunnett at 905-639-2120. Images and prints are also needed for the club AV show and to hang in the gallery space.
